

X-keys® MWII Professional USB Specifications (XP-05-USB-R)

- 58 Programmable Keys
- Connects to any functional USB port
- Plays keystrokes on any USB compatible Operating System
- Rugged construction
- Durable Cherry® Mechanical switches for a long, reliable life

The X-keys® MWII Professional uses X-keys MacroWorks II software to record key commands from the keyboard and send them to applications on the computer. Any sequence or combination of keystrokes from a standard keyboard may be assigned to any key on the X-keys. Mouse commands (click & scroll) may also be programmed. Simple, intuitive steps allow even non-technical users to program the X-keys instantly. Programming files may easily be copied and shared.

The USB X-keys may also be operated in Memory Resident Mode, saving all programming in an onboard non-volatile memory and emulating the PC keyboard port (PS/2) version of the X-keys.

Specifications

Operating System	WINDOWS: 2000, XP, Vista MAC: OSX
Included Software	WINDOWS: MacroWorks II MAC: iKey for X-keys (Mac)
Switch Type	Cherry type MX mechanical switch, 3/4" (19 mm) on center, silent tactile feel
Number of Keys	58 single keys – with second layer: 114 programmable keys
Key Cap Type	5/8" (16 mm) sq. w/removable clear caps for easy labeling
Connector	USB "A"
Dimensions	9" x 8" x 1", (230 mm x 200 mm x 25 mm)
Weight	17 1/2 oz. (620 g)
Power Source	USB port, nominal voltage = 5 vdc
Power Consumption	Low power USB device: less than 15 ma @ 5 vdc
Certifications	FCC class B, CE

In Boot Mode

Hardware System	Any architecture supporting USB, including Sun, SGI, and HP workstations
Operating System	Programming requires MacroWorks II software for Windows 2000, XP & Vista. Operates on any OS supporting USB including Unix, Sun and Mac OS-X
Memory Capacity	Each key is allocated 3 characters and a pool of 1000 additional keystrokes is available to any keys that require additional characters
Memory Type	EEPROM, non volatile memory (X-keys retains memory for over 200 years)
Number of Layers	2 layers – user selectable toggle and/or shift keys
